Subject: Annual Summary – 2010

We had a good year with sales for fiscal year 2010 at over \$138,000. Animal World was the largest contributor to revenues during the year with revenues over \$37,000. Global Workplaces Florida came in as the second strongest contributor with revenues over \$32,000.

As we discussed in our recent off-site planning meeting, we will focus more attention on Great Adventure this year because its revenues were disappointing in 2010 at just over \$6,000.

Here is a chart showing each theme park's final revenues from our recently audited reports for 2010.
